

CNC Milling

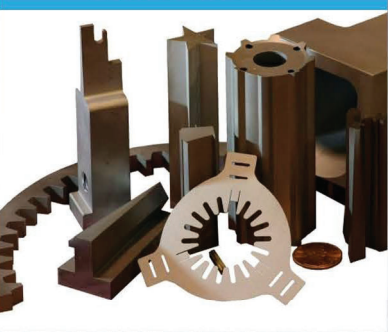

CNC Turning

Waterjet

Wire EDM

Class 10,000 Cleanroom

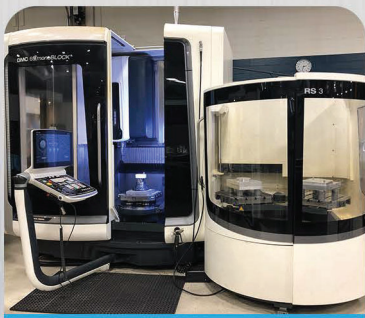

Machinable Materials

- Stainless Steel
- Titanium
- Cold & Hot Rolled Steel
- Tool Steel
- Alloy Steel
- Aluminum
- Brass
- Copper
- Non-metallic Plastic
- Superalloy

Ultrasonic Washing

5 Axis

- (2) 5 Axis Machining Centers
- 3 station pallet changer
- 28" x 25" x 22" travel
- 6,600 max table load
- 90 tool changer

Turning

- (5) Turning Centers
- Swiss up to 1" diameter
- Live Tooling
- Sub-spindle
- Bar Fed up to 3" diameter

CNC Machining

- (25) Machining Centers
- Table size up to 50" x 100"
- 3 & 4 Axis

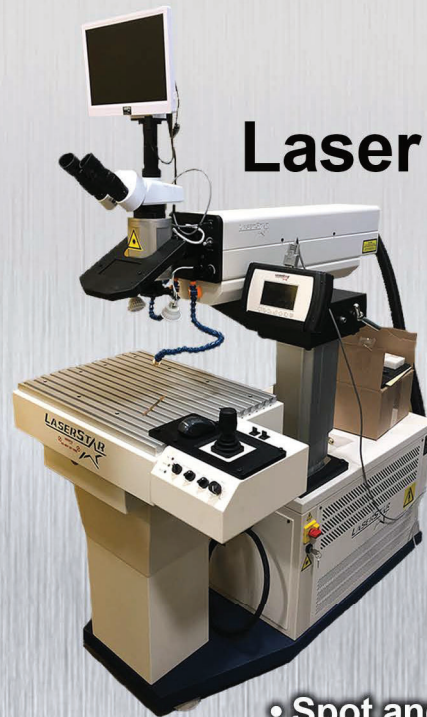

Wire EDM

- (4) Wire EDM's
- 4 Axis
- 31" x 23" travel
- Parts up to 20" thick

Waterjet

- Dynamic Waterjet
- 72" x 144" work area
- Cutting up to 9" thick

Laser Welder

- Spot and seam welding of complex alloys

3D Printing

- Capable of printing 16" wide x 14" deep and 12" high

Zeiss CMM

- 39" x 47" x 23.5" measuring envelope
- Calypso software
- Aktiv scanning technology
